Skills

- **Languages**: C++, Java, C, Python
- **Frameworks**: HTML, CSS, Django
- **Tools/Platforms**: MySQL, Git, Github, PostgreSQL
- **CS Core Fundamentals** : DBMS, OS, OOPS, SQL, Computer Networking
- **Soft Skills**: Attention to Detail, Time Management, Decision-Making, Multi-Tasking, Adaptability

Training

N.T.P.C Vocational Training Sept-2025-Oct-2025

- Developed a software tool for automated detection of instrument measurement errors used in power plant maintenance operations.
- Implemented calibration data processing, anomaly identification, and threshold-based error classification, improving error detection accuracy.
- Utilized Python, data validation techniques, and industry-specific instrument parameters, ensuring reliable monitoring.
- Worked collaboratively with instrumentation engineers and maintenance teams following safety and operational standards.

Tools & Technologies: Python, HTML, CSS

Projects

- **Insight – Business Growth Analysis from Inc. 5000: Github** Aug-2025-Sept-2025
  - Cleaned and merged multiple datasets to extract trends in company revenue, growth rate emp count.
  - Performed exploratory data analysis (EDA) to identify key geographic hubs of business success.
  - Visualized insights using interactive plots (Matplotlib) to uncover patterns in industry growth.
  - Delivered actionable insights by comparing revenue vs. growth across different sectors.

  Tool & Technologies: Python, Pandas, Matplotlib, Seaborn, Virtual Studio code
- **Contact Dynamic Tracing App: Github** Apr-2025-May-2025
  - Implemented nodes and edges to represent individuals and their physical interactions.
  - Used adjacency lists and BFS/DFS algorithms to track possible transmission routes.
  - Enabled data persistence through file handling for storing past interactions.
  - Designed with modular object-oriented programming for reusability and clarity.

  Tool & Technologies: C++, Graph Theory, File Handling, OOPs, Virtual Studio code

Certificates

- Social Networking by NPTEL Nov-2025
- Computational Theory by Infosys Springboard Sept-2025
- Unrevealing Basic Python towards ML/AI certified by CSE Pathshala Mar-2024
- Python beginner by Simplilearn Feb-2024
- Financial Awareness: Basic Tools of Capital Increase by Lecter Nov-2023
- Responsive Web Design by Free code camp Oct-2023

Achievements

- **Achieving 5 Star in Hacker rank:** Dec-2024

  Achieved 5-star rank in Hacker Rank coding challenges demonstrating strong programming aptitude

Education

- **Lovely Professional University** Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.78*** *Since August 2023*
- **Delhi Public School** NTPC Korba, India
  Intermediate; ***Percentage: 90%*** *April 2017 - March 2021*
- **Delhi Public School** NTPC Korba, India
  Matriculation; ***Percentage: 61%*** *April 2021 - March 2023*
